PROBLEMS

Home grown Acquisitions System (ERP) that lived on the University intranet with no way to automatically pass information on the requests from WMS.

Siloed Interlibrary Loan and Acquisitions departments.

ILLiad was our previous ILL system, which did not integrate with WMS circulation.

Planning and Preparation

We were a part of the June Cohort to implement Tipasa. That included training sessions, implementation sessions, and many checklists

Planning Team:

Brooke Cox (Associate Dean and Librarian for Resources and Systems)

Sudha Anand (Library Systems Administrator)

Meghan Tipton (Resource Sharing and Acquisitions Assistant)

Worked collaboratively to create Patron Request Forms that would encompass information for Acquisitions as well as ILL
